'Project Home' 'Opening Doors, Building Dreams'

Furniture - Wish List

Project Home is a 67,000 square foot building which includes 72 residential units, a Day Center and a Medical & Mental Health Clinic for the homeless women of Los Angeles' Skid Row. One major aspect of the Interior Design services is to acquire furniture at no cost to the Center. Below you will find a general list of furniture needs for the project. The list will change as designs have been completed and donations have been acquired.

This list is to assist you in identifying the need to match your capacity to give.

We can offer you additional information and clarification as necessary.
